Designed to simplify your day

From comfort to connectivity, every detail was created to make use smoother, more intuitive, and tailored to your pace. An ergonomic design, silent clicks, and ultra-fast scrolling, combined with effortless connectivity, make this mouse a practical choice for any setting, whether working, studying, or simply browsing.

Ergonomic comfort all day long

Every Offy Nexo's curve is designed to fit your hand. The ergonomic shape naturally supports your wrist and reduces strain, even after hours of use. Buttons are positioned where they make sense, for quick, intuitive access. The soft texture ensures effortless control. Ideal for anyone who spends the whole day at the computer, working, editing, or just browsing.

Seamless connectivity

Switch between devices with a single click — no hassle, no time-consuming pairing. With Bluetooth 5.0 technology, quickly connect to tablets, laptops or smartphones. Compatible with a wide range of operating systems, from Windows to Android, this mouse adapts to your environment, at home, in the office, or on the go

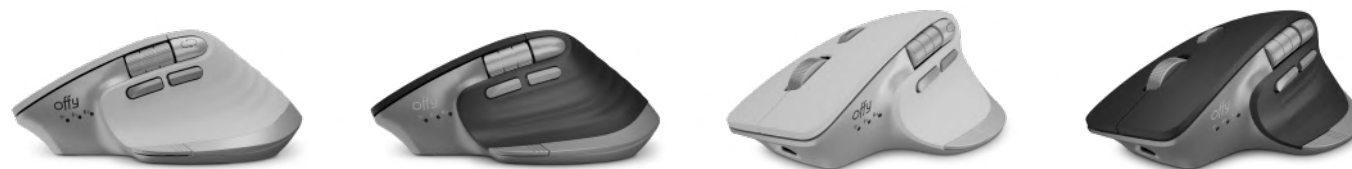

Smart battery life & fast charging

With a 500 mAh lithium battery, this mouse delivers extended use without interruptions, up to 120 hours on a single charge. When it's time to recharge, just about 3 hours via USB-C gets you back in action. And thanks to optimized power consumption, it uses less energy even under heavy use.

Silent clicks, lightning-fast scroll

Clicks are silent, perfect for shared environments or for those who prefer a quieter workspace. Scrolling is continuous and extremely fast, with a maximum speed of up to 39,000 pixels per second (around 2,200 lines per second), making it easy to navigate through long documents or extensive pages.

SPECIFICATIONS

Sensor: Optical

Resolution: 1000 / 1600 / 2400 / 3200 / 4800 DPI

Buttons: 9 (left, right, scroll wheel, DPI switch, backward, forward, thumb wheel, thumb button, connection switch)
