Upgrade Your Workspace

Offy Prisma offers a reliable seating solution tailored to your daily office routine. It comes in five distinct colors to effortlessly match your workspace setup while providing essential, practical support throughout the day.

Reliable Back Support

Built with breathable mesh material, the backrest ensures steady airflow to keep you comfortable while working. The lumbar support gently encourages a natural sitting posture to help reduce lower back strain during extended work sessions.

Stable and Adaptable Seating

Finding a healthy posture starts with proper foot placement on the floor. The seat offers a 7 cm height adjustment range to help you align your knees and hips comfortably with your desk level.

Adjustable Neck Relief

Ease tension in your neck and shoulders with a flexible headrest designed for personalized ergonomic relief. Featuring 10 cm of height adjustment and a 35 degrees vertical rotation, it can be easily adapted to support your head properly.

Space-Saving Retractable Armrests

The armrests provide a steady resting place for your forearms to help relieve shoulder fatigue. When you need more freedom of movement or want to slide the chair completely under your desk, the flip-up function allows you to retract them smoothly.
